### Information utility workshops

- ❖ Eight 1-day workshops throughout New Zealand provided over the 08/09 period to DHBs and NGOs
- ❖ Targeted at the early adopters/champions who will become trainers in information utility
- ❖ Targeted presentations also concurrently provided to general portfolio managers across New Zealand's 21 DHBs
- ❖ Content of these days is PRIMHD, the utility of HoNOS for Teams, Aggregated Reports and how to understand them, and tips for trainers
- ❖ Information Leads for Maori, service users, NGOs and clinical

### Plan for the future regarding utility

- ❖ Further outcome measures
- ❖ Website and e-tool development
- ❖ Training: move towards online training

### Further outcome measures

- ❖ HoNOS Secure
- ❖ HoNOS LD
- ❖ Consumer outcome tool (Taku Reo, Taku Mauri Ora, My voice, My life)
- ❖ Hua Oranga (Maori outcome measurement tool)
- ❖ A+D outcome tool (ADOPT)
- ❖ Functioning tools (PSP and CGAS)

### E-tool and website development

- ❖ E-tools: Graph outcome builder for several outcome tools, online training for raters with automated vignette scoring, trainers' discussion forum and site coordinators' discussion forum
- ❖ Website development: PRIMHD reports at various information levels, information stories and enhanced sharing of information

 [www.tepou.co.nz](http://www.tepou.co.nz)

### Online training

- ❖ Rater certification process: raters being able to make consensus rating scores through an automated electronic system (including Australian raters)
- ❖ Raters certification process: we hope to talk with AMHOCN about possibly having a mutual rater/trainer recognition process
- ❖ Trainer accreditation process: trainers would be accredited as either MH-SMART or information utility trainers and meet some basic standards:
  - complete seven DVD vignettes with 75% accuracy
  - write a new vignette
  - participate in the trainers' forum
